

DEPLOYABLE LAPTOP LOCK-UP® E-TOOL CABINET

by STATIC SAFE® Products Co.

MODEL LL7D-07-IDM SPECIFICATIONS

Static Safe® Products E-Tool cabinet, with **Interchangeable Drawer Modules**, can be used as a solution for deployable missions and assignments.

Laptop Lockup® cabinets provide secure storage, charging and communication solutions for deployable military maintenance technicians. Each drawer has the capability to charge the laptop battery and connect the laptop to the LAN or WLAN through a data communication connection provided by a patented coiled Cat 6 wiring system with an Ethernet switch*.

*Ethernet switch provided at customers request.

*Customer to specify the Ethernet switch requirements.

IDM (Interchangeable Drawer Modules) As your future requirements change, the drawer module can be replaced in the field to meet your new requirements, at a fraction of the original cost.

Functions:

- Secure 7 laptop computers, recharge batteries and download/upload data in a deployed environment.
- Exterior "Wilson Case" meets MIL SPEC, 810G. Made of Tri-laminate, non-directional polypropylene. Lifetime Warranty. See www.staticsafeproducts.com
- Interior Laptop Cabinet made of sturdy Aluminum. Lifetime Warranty. See www.staticsafeproducts.com
- Patented 15amp power supply system; power to each drawer with grounded outlet, UL approved.
- Patented coiled Cat 6 wiring system with RJ45 jack connections in each drawer, connects directly to the Ethernet switch. **No couplers, No jump cords.**
- No wire installation required.
- Connect to a power supply and connect to data line. Cabinet is ready to securely store up to 7 laptop computers with the capability to recharge and/or download data to the laptops being stored.
- Locking internal rear door allows easy access to internal components of cabinet.

- Two temperature-controlled fans provide positive airflow to keep sand and dust out and provide quiet cabinet ventilation.
- Fan Filters (4 provided) can be washed and reused.
- Each drawer can be locked separately or a one lock system can be utilized.
- Drawers all have tie down straps and are vented on all sides and bottom for greater heat dissipation.
- Four quick release, 2" wide, casters are provided and can be stored in one of two lockable storage compartments.
- Durable black powder coat paint on the interior cabinet. Other interior and exterior colors available.
- Case lids have seals and are removable.
- Lightweight with lifting handles on all four sides.
- Stackable and four Tie down rings are provided.
- Two lockable storage compartments for the storage of the wheels, UPS and other items are accessible from both the front and rear of the cabinet.
- UPS battery back up for Fans and Ethernet switch.
- 19" rack mount for the Ethernet switch*.
- Zero scheduled maintenance.
- Ethernet switch* and UPS covered by the manufacturers warranty.
- Cat 6 wiring and switch from unauthorized access.
- Also available in a 14 drawer model.
- **Interchangeable Drawer Modules available in any customer specified configuration. Call for Details.**
